

Acrostic Poem About Autumn

A

Almost all the leaves fall from the trees. Almost every tree in Australia has leaves but before they fall they change colour. At our house the leaves turn yellow and then they fall down. 🍂🍁

U

Under a tree is not the best place to be in this season. (Unless it is an evergreen tree) 🌲🌲 Up above your head there is the sky. In Autumn the sky is **dark** and gloomy, it is also very windy and rainy. ☁️

T

Trees become bare with no leaves in about two weeks. Time, time, time. Why in Autumn the time on the clock changes? I have always wondered.

U

Under a roof that is not fixed and has a hole in it is a bad place to be because.....YOU WILL (probably) NEED A LEAF BLOWER! Under your house roof is the place to be in Autumn and guess what? That is why it is one of my favourite seasons because I like to go inside the house. (I'm an inside person 🏠)

M

My Favourite season is Spring but my second favourite is Autumn. So that means if Spring did not exist Autumn would be my favourite season. 😊

N

Nobody (I think) likes to rake leaves especially when people jump in them and you have to do it all over again. 😞 🍁🍂

Autumn is when the leaves fall.
Umbrellas save you from the rain.
Trees prepare for Winter.
Undercover is the best place to be.
Mornings are beginning to darken.
Now it's getting colder.

Autumn is here.
Umbrellas are up.
Time to play in the leaves.
Under the big trees.
Mum said "Don't get cold!"
Now come inside for a hot chocolate.
