

Parents and Friends Committee

The Casey Grammar Parents and Friends Committee (PFC) developed this local business guide following the 2020 Covid 19 lock down to enable our Casey Grammar School community to support local businesses.

Many businesses have had to close for several months or have been severely restricted and we would like to offer them as much support as possible.

The businesses in this guide are connected to members of the Casey Grammar School community and the PFC would like to encourage the wider school community to provide their support to these businesses.

Neither Casey Grammar School nor the PFC endorse or guarantee any goods or services provided by the businesses in this guide.

Businesses were included if they responded to the email sent to parents in October 2020.
